

# **New Hampshire Business Owners Health Insurance Cost**

- Are high and increasing health insurance costs eroding your operating capital?
- Are you passing more of your health insurance costs on to your employees?
- Are you decreasing coverage to decrease health insurance costs?
- Are you watching employees struggle under ever increasing insurance premiums, higher deductibles and co-pays?
- Have a sick employee whom the health insurance company is using to rate up your cost?
- Concerned about remaining competitive in the face of increasing health insurance costs?

**Imagine dramatically lowering your costs**

**Imagine providing full health care benefits to all of your employees**

**Imagine the peace of mind with no health care worries at all**

**Imagine passage of legislation that will really work for everyone**

**This is all accomplished with The United States National Health Care Act, H.R. 676. This Act is not the current Senate/ House “reform” bill; rather a superior bill endorsed by the NH House, NH Academy of Family Practitioners and 87 US congressional co-sponsors.**

**H.R. 676 Individual Cost** (Includes current 1.45% Medicare deduction)

- Employee contributes 4.75% of gross income matched by employer
- Self employed: Progressive, up to 4.75% of gross maximum
- Unemployed: Publicly funded for duration

**H.R. 676 Benefits: PAYS 100% FOR ALL MEDICALLY NECESSARY CARE**
